

*meaningless words  
and empty statements  
is that really  
what you want to hear*

*not for me  
as I've had enough  
of all that crazy pseudo-talk  
based on hardly hope  
and too much fear*

*so let's just aim  
for a true restart  
by listening first  
to your and my heart*

*rest assured  
in no time we will discover  
a lot of common grounds  
with room and time for dialogue  
instead of populist sounds*

*I wish you a healthy, happy  
and connected 2025 !!!*
